Kim,

AT&T Missouri requests that the previously-approved amendment - informal submission for VT-2007-0014 and VT-2007-0015 be withdrawn. Recent information provided by Staff regarding current certification and/or tariff status concerning the parties has prompted AT&T Missouri to request withdrawal of these filings until further research has been completed.

In the event that AT&T Missouri wishes to proceed with filing these amendments, we will initiate a new filing with accompanying filing letters.

Thank you,

Tim Judge
